3 Procedure

- The aim of this procedure is to establish consistent Trust-wide standards for the employment, management, supervision and control of Estates and Capital Development employed Contractors working on behalf of the Trust and to ensure compliance with all relevant legislation and Trust Policies.
- To ensure a consistent approach from the Trust and its appointed Contractors towards compliance with health and safety.

3.1 Who this procedure applies to

- This procedure applies to **ALL** Contractors and Sub-Contractors working on Trust premise under Estates and Capital Development

3.2 To whom this procedure does not apply

- **Soft FM Services:** - Following formal tendering exercises contracts have been let in respect of Pest Control, Window Cleaning and Feminine Hygiene services with the staff attending on Trust premises subject to the conditions and controls detailed in the service Specifications.
- **Information Service Desk:** - Contractors appointed by responsible officer within the Information Team are the responsibility of the appointing “responsible” Officer. However the responsible officer must have suitable and sufficient procedures in place in order to ensure that works undertaken on behalf of the trust are compliant with all statutory instruments and current legislation. All relevant regulatory bodies are to be informed of any works prior to works commencing and within legislative time lines.

3.3 Determining Competence

- **ALL** Contractors **MUST** be a registered company member of RESET prior to any works starting on site
- **ALL** operatives working on trust sites **MUST** be in possession of a valid RESET Card or have access to a virtual RESET card Via the RESET App
- Exceptions to the above must be under exceptional circumstances and must be approved by an Estates Officer or Officer On Call prior to engaging a contractor not registered with RESET
- Should a Contractor not be a registered member of RESET the Responsible Officer **MUST** create a new **JOB** file on the RESET web based system (for auditing and monitoring purposes) and attach evidence of the following none exhaustive list prior to works commencing on site:
 - - Evidence of Education, qualifications, professional registration of operatives attending site
 - - Company Health and Safety Policy
 - - Site specific Risk Assessment and Method Statement

- - Evidence of Operatives training and qualifications relevant to the task being undertaken
- - Suitable Levels of Liability insurance dependent upon the task being undertaken.
- - COSHH Data Sheets
- - Notification of any HSE Prosecutions or improvement

notices A Copy Responsible Officers Checklist is available at:

3.4 Engaging a contractor

- Contractors working for the Trust **MUST** be a registered company member of RESET or willing to join RESET prior to any works commencing on site.
- Contractors can be chosen from the RESET member Directory and should they be deemed to pass the minimum requirements as set out on the RESET PQQ for the Trust, can be added to the recognised suppliers list
- For **ALL** planned works Contractors **MUST** be issued with the following:-
 - Trust standard Schedule of Works
 - TEWV Document 1 (**Clients Pre Construction Information H&S plan**)
 - TEWV Document 1A or 1B (Contractors Construction H&S Phase Plan)
 - TEWV Contractors Site Rules Documents
 - All relevant policies and Procures such as, Asbestos Management Plan, Fire Safety Procedure, Water Safety Plan
- For reactive, unplanned and emergency works where it is not possible to issue a full Schedule of Works a completed Pre Construction information document must be issued and be in receipt of the contractors Construction Phase H&S Plan
- All Documents are available at : [Control of Contractors Documents](#)

3.5 Contractor Co-ordination and Pre-Start Meetings

- Confirmation Contractor is a registered member of RESET works.
- Overall activities involving the contractor should be managed by a Co-ordinator i.e. an Estates 'Responsible Officer';
- Pre-start meeting(s) should be conducted to clarify and agree 'Responsible Officer' / Contractor responsibilities, communication lines, statutory requirements, compliance issues, etc., any specific arrangements / problems in the work or site etc., and should be chaired by the 'Responsible Officer's' Co-ordinator;
- These meetings should include Sub-Contractors where necessary;
- Health, Safety and Environmental targets (such as waste, etc.) can be set for each contract, e.g. meeting schedules, the frequency of housekeeping tours, the numbers of equipment checks, inspection regimes, etc.;
- Minutes of the pre-start meeting(s) must be kept and distributed to those present.

3.6 Induction Permits Site and Access Control

- All operatives should fully review the TRUST Contractor site rules and raise any concerns to the responsible officer. A site specific induction may be requested by the responsible officer and this **MUST** be recorded and a copy saved onto the RESET job File.
- Induction records shall be kept on the Job / Project File or within the Schedule of Works document
- **ALL** Contractors **MUST** sign in and out using the RESET terminals or RFID badges across the Trust. In the event a Contractor is unable to sign in using a RESET terminal or RFID Badge they **MUST** inform the Appointing Officer / Project Lead when they arrive and leave site.
- More information on RESET is available here: www.rcscard.co.uk
- The Estates Department / Capital Development Responsible Officer will ensure that Contractors (and their employees where necessary) are given a suitable site-specific induction relating to the risks, site arrangements, procedures, restrictions and access. The contractor will be informed of the Responsible Officers contact details and hierarchy of control.
- Additional information for Contractors including Site specific Induction, generic permit to work, Roof Access and confined space working are available within the Trust Contractors Site Rules Document

3.7 Completion and project handover

- The Estates and or Capital Developments Responsible Officer shall take every care that the new installation and the relevant documentation, test certificates, manuals, completion drawings, etc., are of suitable workmanship, materials and content in accordance with the job specification and the British or other Standards specified therein. A snagging list will be compiled for any aspect which does not comply with the standards required.
